

The Nashua Bank Supports Educational Enrichment!!

Hollis Elementary PTA School Auction

The Nashua Bank has agreed to generously sponsor the Hollis Elementary PTA Auction and Tapas Night. The event is being held to support excellence in education through enrichment opportunities for children. According to Mr. G. Frank Teas, President of The Nashua Bank, “The Nashua Bank is committed to the Communities we serve. It is important for us to become a contributing member and to demonstrate our commitment by supporting education and other needs within these Communities.”

The on-line (www.hollisptauction.com) portion of the auction is March 21-28, 2008. The live and silent auction event will be held on Saturday, March 29, 2008, at the Nashua Country Club. This is the primary fund raiser for the Hollis Elementary PTA and the hope is funds generated through these efforts will support enrichment programs which complement studies of each grade such as: Tipi Talks (Native American Culture), Eyes on Owls, NH Archeological Society, as well as Sound Field Systems, which research shows increases academic achievement, student attention, and test scores. Tickets can be purchased as instructed at www.hollisptauction.com.

The Hollis Elementary PTA has adopted “Legacy of Learning” as their theme which speaks to a focus on long-term, educationally rich programs. Teachers, Administrators and the PTA work closely together to ensure that every child has the tools necessary to build a strong foundation for a life time of learning.

The Hollis Elementary School PTA is extremely grateful to The Nashua Bank for their generosity and desire to help provide enrichment opportunities to our elementary school children.
